

The image shows a standard European energy label for a Grundig refrigerator. At the top left is the European Union flag. To its right, the word "ENERG" is written in large letters, with "енергия · енерґія" below it. Further right are four small circles containing the letters Y, IJA, IE, and IA. Below this, the model number "GDSP 5460 BC" and a barcode number "8897133600" are displayed. The brand name "GRUNDIG" is prominently shown. The central part of the label features a scale of energy efficiency classes from A+++ (dark green) to D (red), with a black arrow pointing to class "A". Below the scale, a box indicates an energy consumption of "51 kWh/annum". At the bottom, four icons represent different energy-related metrics: a leaf for environmental impact (class A), a lightbulb for energy efficiency (class A), water droplets for water efficiency (class C), and a speaker for noise level (63 dB). The reference standard "65/2014" is noted at the bottom left.
