Caffè  Esperto

Full Automatic
Espresso Machine

CEG 8564 X

Features

One Touch Preparation of 50 Beverages

Espresso, Flat White, Cold Brew, Red Eye and more. With 50 recipes representing global coffee culture, each drink is prepared with a single touch. Thanks to this wide variety, you can enjoy barista-quality coffee at home, tailored to every palate.

6.8” Smart TFT Touchscreen

Its wide screen guides the user through drink selection, settings, and maintenance steps. It allows you to easily customize your beverages according to your personal preferences.

GrindPro™ Technology

The stainless steel conic grinder freshly and evenly grinds the beans every time. This ensures rich aroma and maximum freshness in every cup.

400g Large Bean Hopper

The machine offers two hopper options: 250 g or 400 g. Its high-capacity design is ideal for large households or frequent coffee drinkers.

Cold Brew in Minutes

Thanks to its special brewing technology, it reduces the traditional 12 hour cold brew process to just 5 minutes allowing you to prepare fresh cold brew effortlessly.

CreamyPro™ Technology

Works with an integrated 0.6 L milk reservoir and adjustable froth levels. From dense cappuccino foam to silky latte milk, it delivers the perfect texture every time.

Personalized Coffee Experience

Customize your coffee based on your preferences—temperature, strength, water or milk levels. You can save your favorite recipes and enjoy your perfect cup every time.

Water Filter

The integrated water filter provides cleaner water in every cup, offering a purer aroma and a more balanced coffee experience.

Technical specifications are correct at the time of print but are subject to change without prior notice.

Features

Milk Foam Density Adjustment Knob

The density adjustment knob allows you to achieve perfect milk foam in every cup. You can fine tune the froth texture to match your personal taste.

13 Grinding Levels

With its stainless steel grinder and 13 adjustable grind levels, you can grind your beans to your preferred fineness and capture the ideal aroma balance in every cup.

TempAdjust Technology

Offers three brewing temperature options, allowing you to set the temperature exactly as you like. Whether low, standard, or high heat, you can customize your coffee to your perfect taste.

Dishwasher & Refrigerator Compatible

The milk cup is dishwasher-safe, making the preparation process more practical. Additionally, it can be safely stored in the refrigerator.

Compact & Maintenance Free Brewing Unit

Ensures perfect coffee with BrewSense™ Technology in a space-saving stainless steel design and easily cleaned in seconds under running water, with an internal piston mechanism that eliminates oil maintenance.

Adjustable Coffee Spout

Ensures that the height can be customized to perfectly accommodate any cup size, enhancing the coffee experience.

Adjustable Coffee Strength

Provides the flexibility to choose between 'Standard Bean,' 'Intense Bean,' or 'Soft Bean' for whole bean coffee or opt for 'Ground Coffee' to enjoy a delightful brew tailored to your preferences.

‘Surprise Me!’ Function

The "Surprise me!" function helps to randomly choose a beverage from the many options available.

Technical specifications are correct at the time of print but are subject to change without prior notice.

Features

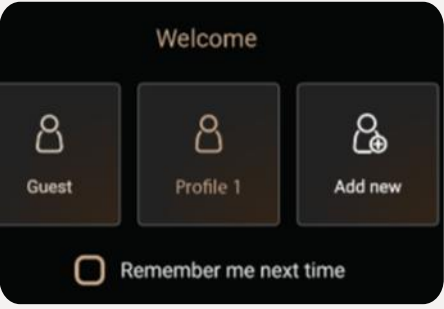

Memory Function

Saves your personalized coffee and milk preferences and automatically applies them in future preparations. This ensures a uniquely tailored coffee experience in every cup.

2 Coffee Outlets

The dual flow system allows you to prepare two espresso based drinks simultaneously bringing speed and convenience together.

Customizable Profile Options

Enables you to create up to 5 personalized profiles plus 1 guest mode. Each profile can be customized, renamed, and managed through the app, allowing every user to enjoy a coffee experience tailored to their own taste.

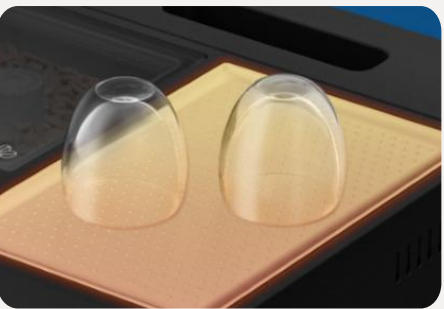

RemoteLive Software Adaptation

Keeps the device running on the latest software at all times. It allows remote diagnostics, customization, and feature updates ensuring uninterrupted operation and continuous improvement.

BrewConnect™

HomeDirect Mobil Uygulaması ile cihazı tamamen kontrol edebilir, uygulama içindeki 30'dan fazla kahve tarifine kolayca erişebilirsiniz.

Integrated SS Cup Holder

Keeps cups within reach for effortless brewing and serving, adding convenience with an integrated stainless steel cup holder that also warms the cups for the perfect coffee experience.

Easy Cleaning in One Touch

Maintains cleanliness with an auto-cleaning, empty water, milk cup cleaning, rinsing and descaling functions. Detachable parts including water tank, drip tray, milk cup and brewing unit can be cleaned easily.
